Dear Robert:

Thank you for being a part of The Arizona league. We had shopped around for some time to find a consultant that we could feel comfortable with as well as have a good relationship. We chose CRC as our team player, and we are happy we did.

You have assisted in the replacement of 250 Centrex lines with a PBX, PRI T1 and 20 POTS lines. Your knowledge has afforded us more cost effective ways of setting up our telecommunications umbrella. No one ever brought these efficiencies to the table: including Lucent Technologies (PBX), AT & T (Long Distance), Bell Atlantic, or Cablevision Lightpath. Without CRC, transition would have caused wasted services and additional monthly costs.

Your ability to break our team contract with AT & T at \$20,000 a month, and replace it with a contract tariff at \$7,000 a month at better rates is amazing. You have consistently shown us your creativity and knowledge in your field, and we look forward to an ongoing and longstanding relationship with CRC.

Sincerely,

John Posillico  
Telecom Manager
