Dear Pete,

Please let me take this opportunity to thank you for the thorough job your team did on our telecom analysis. The \$25,000 per year in savings recommendations you provided to us for Ayers headquarters alone were absolutely brilliant. More importantly, I found your level of expertise to be extremely refreshing & unique. Your team quickly understood our issues and concerns as no one else had in the past, and better yet, you were able to put together a strategy that will resolve those issues in a timely fashion eliminating most if not all of my telecom headaches once and for all. I truly feel as if a significant weight has been lifted from my shoulders.

I would have no problem serving as a reference for you and we look forward to an ongoing, long term relationship with CRC.

I thank you again for the savings rendered but most of all for your quality customer service and the professional manner in which your company does business.

Sincerely,

Doreen Weismantel  
Director Administrative Services
